edge they have spent so many hours in attaining." Professor Donaldson's companions in his balloon voyage to Europe are George Washington Hunt and

NEW HAVEN, CT., October 6 .- As near as can be learned in this city at present, Donaldson's balloon reached Conway, about 85 miles distant, in the northeast corner of the State, at 1:25 P. M., where it, was caught in a violent storm. For a few minutes before that time, it had been near the earth. Donaldson and Ford jumped. Hunt was caught in some trees, but finally succeeded in reaching the ground unburt. The balloon escaped and has not been captured at last accounts.
